To learn more about the advantages of MetLife and Aura Identity & Fraud Protection, contact your MetLife representative.

Employees and their families spend a lot of time online — scrolling, searching and streaming. No matter their age, they need protection from identity theft and online crime. **MetLife and Aura Identity & Fraud Protection** provides digital security to safeguard what matters most at every stage of life.

Plus, **with the broadest definition of family in the market**, employees can include 10 adults and unlimited minors in the coverage, including parents, close friends and even neighbors.

All employees need digital protection, but for different reasons

Protecting a daughter from seeing content that harms her mental health or chatting with individuals who mean her harm

Safeguarding their personal info, online accounts, and Wi-Fi connection to keep hackers from stealing their identity and money

Monitoring the communications and transactions of an elderly parent with memory issues to prevent them from being scammed

No one can prevent all identity theft or monitor all transactions effectively.

Aura is a product of Aura Sub, LLC. Aura Sub, LLC. is not affiliated with MetLife, and the services and benefits they provide are separate and apart from any MetLife product.
